## FALCOHOTH

FalcoHoth är ett cykeltak som har designats för att klara av stora mängder snö. Det här är ett bra val för områden där man kan räkna med kraftiga snöfall. Det här cykeltaket har en stadig och attraktiv design och det erbjuder maximal funktionalitet.

**REINFORCED DESIGN** | To Withstand High Snow Loads

**CONTEMPORARY DESIGN** | Available in Single and Double Sided Versions

**MODULAR DESIGN** | Create a Cycle Shelter as Long as Required Using Add-on Sections

**FALCOHOTH ENKELSIDIGT CYKELTAK**

FalcoHoth finns i ensidig version som har plats för 10 cyklar, eller som dubbelsidig version med plats för 20 cyklar.

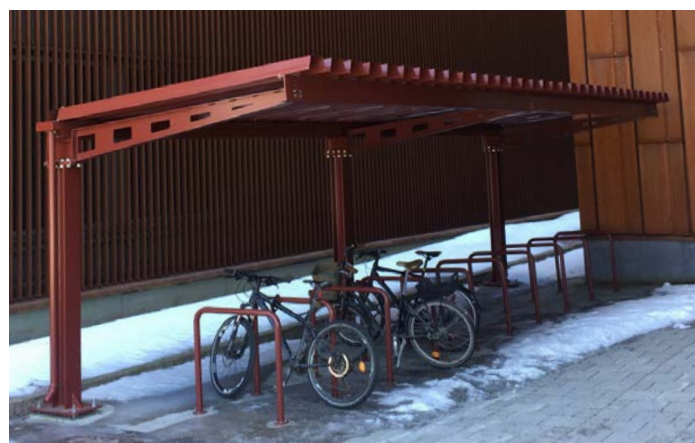

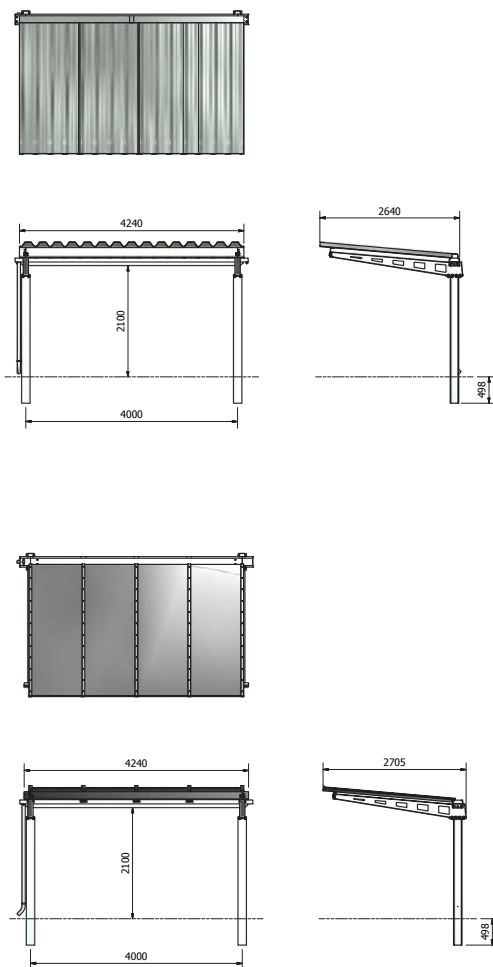

Cykeltaket tillverkas i varmgalvaniserat stål med takpaneler av stål eller säkerhetsglas. Takets stålpartier kan på begäran ytbehandlas med valfri färg från RAL-färgserien.

Det här cykeltaket har ett integrerat dräneringssystem som leder vattnet från taket och till marknivå. FalcoHoth klarar av en tyngd på 250 kg per kvadratmeter.
