

FALCO RAIL CYCLE CANOPY

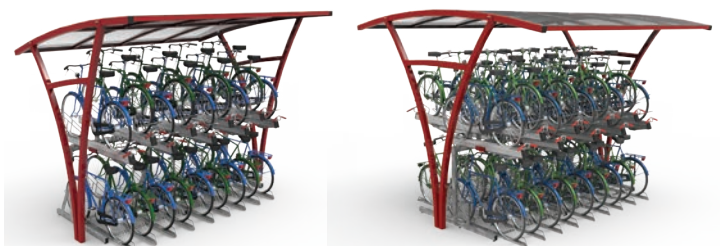

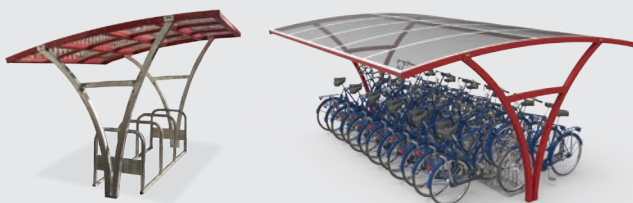

FALCORAIL CYCLE CANOPY

The FalcoRail is an exceptionally attractive and modular cycle canopy design. Available in both single or double sided units in 2m, 3m, 4m and 5m lengths.

MAXIMUM COVERAGE | Accommodate any cycle parking system including our innovative two-tier rack

MODULAR DESIGN | With 2m, 3m, 4m and 5m options, any length of shelter can be created

MULTI PURPOSE | Can also be used as a waiting or smoking shelter with the addition of a bench or ashtray

FALCORAIL CYCLE CANOPY

With a significant depth, the canopy provides maximum coverage whilst occupying minimum space. The FalcoRail can be positioned side by side to create a continuous run of virtually any length or to accommodate a specific number of bicycles.

The FalcoRail is also ideal for use as a smoking or waiting shelter by adding the addition of a bench, ashtray or litter bin.

FalcoRail is ideal for accommodating all cycle racks as well as the innovative FalcoLevel two-tier rack.

FalcoRail-Low is derived from our best selling FalcoRail cycle canopy and offers the same distinctive design characteristics, but in a sleeker and more cost-effective design.

The FalcoRail-Low has maximum shelter coverage whilst occupying minimum floor spaces and can be used for a huge variety of cycle rack and stand designs including the popular A-11 rack, Sheffield Cycle Stand, Toast rack and many more.

The slim line FalcoRail is manufactured from 100% recyclable hot-dip galvanised steel to BS EN ISO 1461 and can be subsequently powder coated in any of the 192 standard RAL colours to match a theme or corporate colour. The roof sheets are manufactured from transparent polycarbonate which is 250 times stronger than glass.

Falco provide a comprehensive FalcoRail design and installation package including free site surveys, free CAD design and schematics, free renderings to help the client to visualise the scheme, manufacture, supply, the provision or groundworks and installation.

FalcoRail Single Sided Dimensions

Length: 2m, 3m, 4m or 5m

Depth: 3000mm

Height: 3220mm

FalcoRail Double Sided Dimensions:

Length: 2m, 3m, 4m or 5m

Depth: 4200mm

Height: 3220mm

FalcoRail-Low Single Sided Dimensions

Length: 2m, 3m, 4m or 5m

Width: 3000mm

Height: 2349mm

FalcoRail-Low Double Sided Dimensions

Length: 2m, 3m, 4m or 5m

Width: 4200mm

Height: 2320mm

FALCORAIL, SINGLE SIDED
